Atty. Mark A. Villano
Law Director

January 23, 2012

The horn blowing incidents in The City of Hubbard have been occurring for approximately 4 years. The underlying reason for this activity has never been reported. During this time the Hubbard City Police have responded to 108 calls for service involving 400 vehicles at the Krlich residence. The charge under Hubbard City Ordinance 337.19(c), "using a horn for non emergency purposes" is a minor misdemeanor and disposed of in Hubbard City Mayor's Court.

The Hubbard City Police by order of the Police Chief and Safety Director have increased police patrols in this area to put a stop to this activity. Due to increased patrols in this area the calls for service have become less frequent and more sporadic. Calls for for the months of November and December 2011 have been 2 and 3 respectively. The Hubbard City Police are making every effort to allocate additional manpower and resources to this matter while maintaining satisfactory service to other city residents.

In closing, I would like to take this opportunity to request that individuals use their better judgment and cease this activity or face appropriate legal action.

Mark A. Villano
Law Director
